

Ammonium Bifluoride

Structure

CAS No. 1341-49-7

EINECS No. 215-676-4

Specification

Assay	98 % min.
NH ₄ F	5 % max.
SO ₄	0.2 % max.
SO ₃	0.01 % max.
Fe	0.05 % max.
Pb	0.02 % max.
Moisture	0.5 % max.
Residue on ignition	0.02 % max.

Transport, toxicity and hazards

Please refer to our safety data sheet.

General notes: All data given in this leaflet are intended to inform you about our products. They are based on our present knowledge and experience and given without a guarantee and are subject to alterations. We recommend to test our products for their adequacy. Liability for violation of protective rights of third parties or infringements of legal regulations is excluded.

This information and our technical advice - whether verbal, in writing or by way of trials - are given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application, use and processing of our products and the products manufactured by you on the basis of our technical advice are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with the current version of our General Conditions of Sale and Delivery.
