

n-Methylaniline

Structure

Molecular formula	C ₇ H ₉ N
CAS No.	100-61-8

Specification

Appearance	light yellow liquid
Specific gravity	0.987 – 0.994
Purity	min. 99.30 %
Aniline	max. 0.20 %
N,N-Diethoxyaniline	max. 0.50 %
Moisture	max. 0.10 %

This information and our technical advice - whether verbal, in writing or by way of trials - are given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application, use and processing of our products and the products manufactured by you on the basis of our technical advice are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with the current version of our General Conditions of Sale and Delivery.

In the United States of America the LANXESS business is conducted by LANXESS Corporation, Pittsburg, PA. Customers in the US are kindly asked to address their requests directly to this legal entity.

Transport, toxicity and hazards

Please refer to our safety data sheet.

- R 23/24/25: Toxic by inhalation, in contact with skin and if swallowed.
R 33: Danger of cumulative effects.
R 50/53: Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
S 28: After contact with skin, wash immediately with plenty of water and soap and, if possible, with polyethylene glycol 400.
S 36/37: Wear suitable protective clothing and gloves.
S 45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).
S 60: This material and its container must be disposed of as hazardous waste.
S 61: Avoid release to the environment. Refer to special instructions/Safety data sheets.
